

Program – Regional Innovation Policies 2018, Bergen, Norway

Day 1		Room(s)
8.00-9.00	<i>Arrival and registration</i>	
9.00-10.00	Plenary 1 - Prof. Andrés Rodríguez-Pose: <i>Innovating in economic peripheries: Europe, North America and China in comparison</i> Chair: Stig-Erik Jakobsen (Western Norway University of Applied Sciences)	<i>Mimes Brønn</i>
10.15-11.30	Parallel sessions 1 Track B "Green" regional development, environmental sustainability and policy (F105) Track I R&D, knowledge and universities in regional development (F106) Track F Proximities, agglomerations and networks (F203) Track G Regional policy development, implementation and assessment (F204)	<i>F105, F106, F203, F204</i>
11.30	Lunch	<i>Campus cafeteria</i>
12.30-13.15	Special Plenary Session 1 – Dr. Elvira Uyarra and cluster facilitators from GCE Subsea and NCE Maritime CleanTech: <i>Green transformation of clusters? How clusters (could) facilitate green industrial restructuring</i> Chair: Jens Kristian Fosse (Western Norway University of Applied Sciences)	<i>Mimes Brønn</i>
13.30-14.45	Parallel sessions 2 Track B "Green" regional development, environmental sustainability and policy (F105) Track I R&D, knowledge and universities in regional development (F106) Track F Proximities, agglomerations and networks (F203) Track G Regional policy development, implementation and assessment (F204)	<i>F105, F106, F203, F204</i>
15.00-16.15	Parallel sessions 3 Track B "Green" regional development, environmental sustainability and policy (F105) Track I R&D, knowledge and universities in regional development (F106) Track G Regional policy development, implementation and assessment (F203) Track J Special session (open to all): EURIPER: EU innovation policies and peripheral regions (F204)	<i>F105, F106, F203, F204</i>
16.15	Sandwiches and fruit, coffee and tea	

16.30-17.45	Parallel sessions 4 Track A Innovation in new spheres – beyond an economic rationale? (F106) Track B "Green" regional development, environmental sustainability and policy (F105) Track C Regional industry development: systemic approaches (F203) Track J Special session (open to all): EURIPER: EU innovation policies and peripheral regions (F204)	F105, F106, F203, F204
19.30	Conference dinner ('Chaired' by Anders Haugland, BTO – Bergen Technology Transfer)	Hotel Norge
Day 2		
9.00-10.00	Special Plenary Session 2 – Arne Isaksen, Markku Sotarauta, Rune Dahl Fitjar & Helen Lawton Smith: The 'RIS-book' in honour of Bjørn Terje Asheim	Mimes Brønn
10.15-11.30	Parallel sessions 5 Track A Innovation in new spheres – beyond an economic rationale? (F106) Track C Regional industry development: systemic approaches (F203) Track D Digitalization, new business models and organizational practices (F204)	F106, F203, F204
11.30	Lunch	Campus cafeteria
12.30-13.45	Parallel sessions 6 Track B "Green" regional development, environmental sustainability and policy (F105) Track C Regional industry development: systemic approaches (F203) Track D Digitalization, new business models and organizational practices (F204) Track G Regional policy development, implementation and assessment (F106)	F105, F106, F203, F204
14.00-14.45	Plenary 2 – Prof. Arnt Fløysand: Exploring and exploiting the trinity of innovation Chair: Inger Beate Pettersen (Western Norway University of Applied Sciences)	Mimes Brønn
14.45-15.00	<i>Closing address</i>	Mimes Brønn

Parallel sessions 1 – Thursday 10.15-11.30

Track B "Green" regional development, environmental sustainability and policy	Track I R&D, knowledge and universities in regional development	Track F Proximities, agglomerations and networks	Track G Regional policy development, implementation and assessment
Room F105 <i>Chair: Jan Ole Rypestøl</i>	Room F106 <i>Chair: Marco Bellandi</i>	Room F203 <i>Chair: Elvira Uyarra</i>	Room F204 <i>Chair: Stig-Erik Jakobsen</i>
Trippl, M; Isaksen, A.; Baumgartinger-Seiringer, S.; Frangenheim, A. & Rypestøl, J.O Challenge-led regional restructuring and new path development: towards a research agenda	Ploszaj, A.; Olechnicka, A. & Celinska-Janowicz, D. Core-periphery relations in international research collaboration and their implications for regional development policy	Germain, E. & Moghadam-Saman, S. Providing doctoral skills to the regional labour market: Cases of University relations with Science Parks	Fitjar, R. D.; Benneworth, P. & Asheim, B.T Towards Regional Responsible Research and Innovation?
Sæther, B. Green transitions, innovation and the need for sectorial approaches	Høvig, Ø.S & Berge, Ø.M Different types of universities and their precondition for entrepreneurship: Towards a differentiated approach to student entrepreneurship programmes	Tuitjer, G. Innovation biographies of sustainable craft-food products from peripheral regions	Caloffi, A.; Freo, M.; Ghinoi, S.; Rossi, F. & Russo, M. Financial incentives, behavioral incentives or both? Some evidence from the analysis of small business policies supporting the acquisition of knowledge-intensive services
Fuenfschilling, L.; Baumgartinger-Seiringer, S.; Miörner, J. & Trippl, M. Institutional infrastructure for innovation-based industrial path transformation	Young, M.; Pinheiro, R. & Šima, K. Assessing the role of higher education institutions in peripheral regions: From university ambiguities to analytic eclecticism	Solheim, M.C.W.; Herstad, S & Engen, M. The imprints of urban location on human resources and innovation in knowledge intensive services	Karlsen, J. & Larrea, M How policy can enhance the transformation of University towards the third mission: A case study from a transformation process in the Basque Country
Sotarauta, M. & Suvinen, N. How Does the Green Economy Grow? Institutional Agency for Green Path Development	Vindenes, K. A pragmatic approach to create cooperation between industry and research institutions	Brustenga, J. G. The new role of local scale in research & innovation systems	Ljunggren, E. & Haugum, M. When the answer is «gender balance», what is the question? A policy analysis of a Norwegian regional innovation program

Parallel sessions 2 – Thursday 13.30-14.45

Track B <i>"Green" regional development, environmental sustainability and policy</i>	Track I <i>R&D, knowledge and universities in regional development</i>	Track F <i>Proximities, agglomerations and networks</i>	Track G <i>Regional policy development, implementation and assessment</i>
Room F105 <i>Chair: Johan Miørner</i>	Room F106 <i>Chair: Randi Taxt</i>	Room F203 <i>Chair: Marte Solheim</i>	Room F204 <i>Chair: Elisabeth Ljunggren</i>
Apa, R.; De Noni, I.; Orsi, L. & Sedita, S.R. Regional innovation, well-being and quality of life: evidence from Europe	Kvitastein, O. A. & Aarstad, J. The effects of early entrepreneurial R&D support	Calignano, G.; Fitjar, R. D. & Huber, F. Reputational proximity: Towards a new concept in the geography of innovation?	Tsai, H. An Analysis of Innovation Policy in Taiwan
Aarstad, J. & Jakobsen, S.E. Environmental sustainability strategies as a function of firm- and regional-level characteristics	Bergesen, O. & Tveterås, R. From knowledge to innovation: Firms' internal skills, collaboration choices and innovative activity	Makkonen, T. & Mitze, T. The relationship between internal and external knowledge sources for firm productivity	Nordling, N. Collaborative and participatory regional economic development: platform-based innovation policy in six Finnish cities
Susur, E.; Hidalgo, A. & Chiaroni, D. A cross case study on regional circular economy development: A strategic niche management perspective	Evers, G. The hiring dynamics following a university industry-collaboration	Haus-Reve, S. & Cooke, A. Understanding the Regional Drivers of Productivity Benefits from Immigrant Diversity: Evidence from Norway's Variation in Regional Institutional Inclusiveness	Serralta, L. M. P. & Romero, G.F. Governance and innovation regional policy in Chile
Østergaard, C.R.; Holm, J.R.; Iversen, E.; Schubert, T.; Skålholt, A. & Sotarauta, M. Green skills and environmental innovations in the Nordic countries	Muñuzuri, J.; Onieva, L.; Guadix, J. & Cortés, P. Promoting R&D activities in the aeronautical cluster of Alentejo-Andalusia	Brynthe Lund, H. & Steen, M. Changing GPNs: Manufacturing reshoring due to Industry 4.0?	Zubeldia, E. A. Innovation camps: Valencian experience

Parallel sessions 3 – Thursday 15.00-16.15

Track B <i>"Green" regional development, environmental sustainability and policy</i>	Track I <i>R&D, knowledge and universities in regional development</i>	Track G <i>Regional policy development, implementation and assessment</i>	Track J <i>Special session (open to all): EURIPER: EU innovation policies and peripheral regions</i>
Room F105 <i>Chair: Arne Isaksen</i>	Room F106 <i>Chair: Ole Bergesen</i>	Room F203 <i>Chair: Arnt Fløysand</i>	Room F204 <i>Chair: Manuel González</i>
De Laurentis, C. Mediating the form and direction of regional sustainable development: the role of the State in renewable energy deployment in selected regions	Salomaa, M. Entrepreneurial Architecture and Rural Universities: The Case of Lincoln	Asheim, B. T. The role of clusters in new path development in smart specialisation strategies	Gancarczyk, M.; Najda-Janoszka, M. & Gancarczyk, J. Regional Innovation Policies as Enabling Constraints for Smart Specialization: The Case of Malopolska, Poland
Martin, H.; Martin, R. & Zukauskaitė, E. The role of demand in green regional development - examples from the food industries in Värmland and Scania, Sweden	Bellandi, M.; Caloffi, A. & De Masi, S. Entrepreneurial and engaged academics in a changing university: A critical view from Italy	Koschatzky, K.; Kroll, H. & Stahlecker, T. Innovation-based regional structural change - A new regional policy paradigm in Germany	Losurdo, F. & Dileo, I. Regional innovation policy in a peripheral area. The case of Apulia region
Frangenheim, A. Distributed agency for challenge-driven path development: Towards sustainable public procurement of food in Vienna	Helgesen, C.; Heldal, I.; Rydland Olsen, N. & Pettersen, I.B Entrepreneurial Universities: Establishing and Supporting Interdisciplinary Educational Projects	Coenen, L.; Goedegebuure, L.; Veldhuizen, C. & Wilson, B. Smart Specialisation in Australia: policy mobility or experimentalist policy?	González-López, M. Understanding policy learning in regional innovation policies: lessons from the Galician case
Rehfeld, D. From Technology Show-Case to Real Laboratory – Lessons from the Transition Project “Innovation City” Bottrop	Taxt, R. E.; Robinson, D. K.R.; Schoen, A. & Fløysand, A. Research institutions and their economic relationships in regional innovation ecosystems	Suwala, L. & Kulke, E. Transitions in Urban/ Regional Innovation Policies and their Locations since the 1990s - The case of Berlin	Strickert, S. Towards a new mode of research dialogue in regional innovation policy

Parallel sessions 4 – Thursday 16.30-17.45

Track A <i>Innovation in new spheres – beyond an economic rationale?</i>	Track B <i>"Green" regional development, environmental sustainability and policy</i>	Track C <i>Regional industry development: systemic approaches</i>	Track J <i>Special session (open to all): EURIPER: EU innovation policies and peripheral regions</i>
Room F106 <i>Chair: Miren Larrea</i>	Room F105 <i>Chair: Markku Sotarauta</i>	Room F203 <i>Chair: Nhien Nguyen</i>	Room F204 <i>Chair: Roger Normann</i>
Owren, T. Synthesizing a theoretical framework to help a complex social innovation grow	Theiventhran, MeeNilankco Gz Energy transition in transitional societies: The question of equity	Plechero, M.; Chaminade, C.; Kulkarni, M. & Parthasarathy, B. Explaining the past, predicting the future: the influence of regional trajectories on innovation networks of emerging industries	Jon P. Knudsen Devolution in Norway - A reform in the making
Wanzenböck, I. & Frenken, K. Turning societal challenge-oriented innovation policy on its head: The implementation of new research and innovation policies from a geographical perspective	Kyllingstad, N. Mechanisms and barriers of regional industrial path development – the case of the Centre for Research-Based Innovation Offshore Mechatronics (SFI OM)	Bækkelund, N.G. Rural restructuring and path evolution – a micro level approach	Sánchez-Carreira, M. del C.; Peñate-Valentín, M.C.; Varela-Vázquez, P. & González-López, M. Public procurement of innovation in health. The experience of Galicia
Loga, J. & Sætre, H. Developing a national and regional policy on social entrepreneurship and social enterprises in Norway	Rypestøl, J.O. The role of system level entrepreneurs in processes of regional transformations	Baumgartinger-Seiringer, S.; Miörner, J. & Tripl, M. Towards a stage model of regional industrial path transformation	Varela-Vázquez, P.; González-López, M.; Sánchez-Carreira, M del C. The EU innovation policy and the cohesion policy for innovation: a zero sum game?
Rehfeld, D.; Butzin, A. & Terstriep, J. Social, Economic and Political Innovation: In Search of an Integrated Innovation Policy	Gjoesaeter, A.S.; Nesse, J.G.; Årethun, T & Kyvik, O. Business models as conceptual framework for sustainable value creation: Strategic and operative leadership challenges		

Parallel sessions 5 – Friday 10.15-11.30

Track A <i>Innovation in new spheres – beyond an economic rationale?</i>	Track C <i>Regional industry development: systemic approaches</i>	Track D <i>Digitalization, new business models and organizational practices</i>
Room F106 <i>Chair: Dieter Rehfeld</i>	Room F203 <i>Chair: Carmen Alexandra Armijos</i>	Room F204 <i>Chair: Sini Kahilaniemi</i>
Estensoro, M & Larrea, M. Action research for Industry 4.0. policy: democratization and digitalization hand in hand	Nguyen, N.; Mariussen, Å. & Ørding Hansen, J. Building Self-Sustaining Research and Innovation Ecosystems in Europe through Responsible Research and Innovation	Mæhle, N. Green crowdfunding: New business model for sustainable value creation
Tørseth, T. Public sector innovation. When LEAN meets professionalization.	Færøvik, K.H. Cross-industry innovation processes for oil and gas firms following a market downturn	Christensen, J.L. Crowdfunding – dissolving the geography of finance?
Thapa, R.K. & Iakovleva, T. Responsible Research and Innovation: Aligning innovation activities in scaling up positive social impact	Kveton, V. & Blazek, J. Adaptive cycle model and new path development: towards a fuller comprehension of evolutionary trajectories of regions?	Ejaz, M. & Pinheiro, R. Innovation in higher education: From Contributor to Driver of Internet-Based Service Innovation
Reksten, C. Festival of food: Building regions	Rubæk Holm, J. & Østergaard, C.R. The high importance of de-industrialization and job polarization for regional diversification	

Parallel sessions 6 – Friday 12.30-13.45

Track B <i>"Green" regional development, environmental sustainability and policy</i>	Track C <i>Regional industry development: systemic approaches</i>	Track D <i>Digitalization, new business models and organizational practices</i>	Track G <i>Regional policy development, implementation and assessment</i>
Room F105 <i>Chair: Michaela Trippel</i>	Room F203 <i>Chair: Jarle Aarstad</i>	Room F204 <i>Chair: Natalia Mæhle</i>	Room F106 <i>Chair: Knut Koschatzky</i>
Sjøtun, S.G. Demonstration Projects and Social field dynamics in the Greening Maritime Cluster in South-Western Norway	Rørheim, J-E. & Boschma, R. The flip side of relatedness : Can relatedness lead to substitution effects and subsequent lower economic resilience?	Hoff, S.S. & Pettersen, I.B. How Lean Start-up can make a change in large organizations?	Nordling, N.; Pugh, R. & Thomas, E. Regional Economic Development through Openness and Participation – Designing Participatory Enterprise Policy in Six Finnish City-regions
Jolly, S. & Hansen, T. Barriers to greening the maritime cluster in Nordjylland: Role of regional and non-regional processes in green path development	Wang, G.; Bjørndal, E. & Vassdal, T. Incentives for Optimal Scale in Regulation of Electricity Network Companies	Thapa, R.K. & Iakovleva, T. Responsible digital disruption- the case of e-Health	Matti, C.; Uyarra, E. & Flanagan, K. Collaborative multi-stakeholder arena as a mechanism enabling adaptive implementation of low carbon regional strategies (in peripheral regions)
Caloffi, A. & Rossi, A. The impact of Airbnb on Italian cities	Armijos Maya, C.A.; Chávez Charro, J.M. & González López, M. Approaching the innovative capacity of exporting companies in developing countries depending on regional structure and industrial sector: a case study - Ecuador	Kahilaniemi, S. Buying Witty Cities: Keys of success via Innovative Public Procurement	Henderson, D. Regional Innovation policy, agency and the role of institutional work: The case of Wales
	Françoso, M.S. The insertion of Global South resource-rich places in knowledge networks: Rio de Janeiro in the offshore oil knowledge network		Ciechomska, A. & Raunio, M. Open innovation platforms and RRI as policy measures in Tampere region – putting responsibility in a test
