Services & RDI

- The role of international activities is constantly expanding
- Geographical focus areas today: Russia with its neighbouring areas, Africa, South-East Asia and Middle East
- Capacity building in various themes e.g. eLearning, innovative teaching methods, education-business collaboration, pedagogical leadership
- The aim is often to strengthen the whole educational system and to improve its quality
- Working closely with embassies and government bodies

● Chile
● Argentina

● Europe
● Kosovo
● Egypt
● Saudi-Arabia
● Ethiopia
● Russia
● Kazakhstan
● Nepal
● China
● Vietnam

“JAMK’s Teacher Education College is one of the Finnish pioneers in export of educational services to international customers.”

RDI activities

Educational solutions for future challenges

- Long experience in national activities and implementation of international projects since 1990s
- Topical themes: guidance and counselling, working-life cooperation, eLearning and development of educational systems
- National and international projects: ~ 1,4 M€
- Recent highlights:
 - HEI ICI projects in Ethiopia and Nepal (2017 - 2020)
 - Video-Supported Education Alliance ViSuAL (2018 – 2020)
 - Personalized Learning (2017 – 2020)
 - START IN (2017 – 2020)
 - Testing New Approaches to Training VET and Workplace Tutors for Work-based Learning (2016 – 2019)
 - Outside In - Inside Out (2016 – 2019)
 - Med@UP project in Kosovo (2014 - 2017)
 - Twinning project in Egypt (2013 - 2015)

Thank you!
