“Don’t forget it all started at BIN@SHEFFIELD 2011”  
Prof. Adélio Mendes, UPorto

**DYESOL**  
GROUP of COMPANIES  
Global Leaders in Dye Solar Cell Technology

Dyesol has a strategic R&D collaboration with EFACEC, Portugal’s largest power electronics company, and the University of Porto. The project is about an unique low-temperature glass sealing technology invented by UPorto, which is now being further developed to suit Dyesol’s perovskite solar cells.
